CGI PERMANENT EMPLOYMENT CONTRACT

This contract is made between:

CGI Nederland B.V., a private company with limited liability under Dutch law, with offices at (3068 AX) George Hintzenweg 89 Rotterdam, (postal address: PO box 8566, 3009 AN Rotterdam), registered with number 33136004 at the Chamber of Commerce, hereinafter referred to as "CGI";

and

Petya Katsarova, residing at Utrechtseweg 13 - 27, 1213TK te Hilversum, hereinafter referred to as "the Employee"

are agreed as follows:

Clause 1 Position

The Employee shall be employed by CGI as of 1 October 2023 in the position of Software Engineer.

Clause 2 Duration, term of employment, probationary period

This employment contract is entered into for an indefinite period of time, starting on 1 October 2023. The first two months of employment shall be regarded as a (mutual) probationary period as mentioned in article 7:652 of the Dutch Civil Code. The agreed working week is 40 hours.

The purpose of the probationary period is to get to know each other and see if we meet each other's expectations.

Clause 2A Flexible Working Policy

We work on the basis of the Flexible Working Policy. This means the following.

- At the start of each fiscal year (1 October), the employee agrees with their supervisor on a work pattern that balances three interests: work-life balance, the client/CGI-requirements and the environment. The work pattern is evaluated during the continuous performance conversations and adjusted if necessary (e.g. in the case of a new client assignment).
- Within their agreed work pattern, the employee continuously makes a conscious choice of where to work on a day. Depending on the work, the following locations are possible: client location, CGI location and home location.
- The employee determines their working hours flexibly within the agreed work pattern. From the point of view of effectiveness, safety and health, it is however important that the working hours are within the limits of the laws and regulations, do not pose any risk to health, fit in with the client and CGI requirements (e.g. presence within certain timeframes/participation in team meetings, etc.) and guarantee business effectiveness.

The CGI Employee Handbook sets out the conditions for working outside agreed working hours, on-call shifts and roster work.

Clause 3 Salary

The Employee's gross salary shall be €3500,- per month, based on fulltime employment (a working week of 40 hours).

Clause 4 CGI Employee Handbook ("CGI Arbeidsvoorwaardengids") and the Code of Ethics

The CGI Employee Handbook (and subsequent versions thereof) form an integral part of this employment contract. The CGI Employee Handbook addresses such aspects as other terms and conditions of employment, the obligatory pension scheme of CGI, company rules and regulations. The Employee hereby confirms that he / she has received a copy of the CGI Employee Handbook and is acquainted with the information contained therein. By signing this employment contract, the Employee agrees with the terms and conditions and the obligatory pension scheme of CGI as laid down in the CGI Employee Handbook.

The applicable CGI Code of Ethics and Business Conduct and associated regulations (and subsequent versions thereof) are also part of this employment contract. By signing the Commitment Form the employee declares to have read and understood the Code of Ethics and Business Conduct (and associated regulations).

Clause 5 Non-dealing clause

The Employee shall not, whether during the term of employment with CGI or for a period of one year thereafter, carry out any work or any other activities (business-related or otherwise) for or together with a business contact (existing or potential) of CGI, whether directly or indirectly, either at the Employee's own account or that of a third party, on a paid or unpaid basis.

Business contacts of CGI shall include all contacts (natural persons or legal entities) for whom / which the Employee has performed work in the twelve months prior to the end of this employment agreement and/or with whom / which the Employee has had contact under the terms of this employment contract in any way whatsoever. Potential business contacts of CGI shall include all contacts (natural persons or legal entities), for whom / which CGI has drawn up tenders / bids for services in the twelve months prior to the end of this employment contract, for which purpose the Employee is (or was) involved in any way whatsoever.

CGI may grant the Employee dispensation from the Non-dealing clause, which dispensation CGI will not withhold on unreasonable grounds. If the Employee requires (partial) dispensation, the Employee should submit a written request (with supporting rationale) to his/her Sector Lead and the HR Director specifying (if applicable) the new employer, the position to be filled and the new activities to be performed, plus the CGI business contact(s) (existing or potential) for which the Employee wishes to work.

Clause 6 Non poaching clause

The Employee will not, whether directly or indirectly, either during the term of employment with CGI or for a period of two years thereafter, employ CGI employees or have CGI employees carry out activities in any other way or act as an intermediary in this respect in any way whatsoever. Furthermore, during the same period, the Employee will not, whether directly or indirectly, persuade CGI employees to terminate the employment with CGI.

CGI employees include natural persons or legal entities that have carried out activities for CGI in the twelve months prior to the end of this employment contract, whether or not on the basis of paid employment.

Clause 7 Ancillary activities

During the term of employment with CGI, the Employee may perform work for others outside the times when the Employee is expected to work for CGI, unless an objective reason prevents such ancillary activity. This may include, for example, ancillary activities which are contrary to the interests of CGI or which impinge on the Employee's energy level.

The Employee should inform CGI of the intended ancillary activities upon commencement of employment or prior to the start of the intended ancillary activities.

Clause 8 Confidentiality

During employment with CGI and thereafter, the Employee shall not disclose, in any way to anyone (including other CGI personnel, unless the latter must be informed on a 'need to know' basis), any information of a confidential nature – which has come to the Employees knowledge in the context of the Employees work, and the confidential nature of which the Employee is or ought to be aware of – regarding CGI, CGI's personnel, and CGI's (potential) business contacts.

The Employee shall take every possible measure to guarantee the confidentiality of the information and shall refrain from any action which may harm confidentiality.

The use of such confidential information either while working for CGI or thereafter, for him/herself or others, for whatever purpose, will be regarded as a breach of this confidentiality clause, unless the use of the information concerns work for CGI.

Any confidentiality clause entered into by the Employee with one or more business contacts of CGI, or another party, shall remain in full force and effect, in addition to the present confidentiality clause at hand. The Employee may only be released from the obligations of a confidentiality clause entered into with a third party by the third party in question, and only where the information was obtained from the third party itself and concerns the third party.

The Employee shall furthermore return all items and data obtained during the term of this employment contract from and/or about CGI and CGI's business contacts immediately on termination of this contract; during the term of this contract, the Employee must return any such items on first request. This applies in any case (although not exclusively) to data and information on and results – finalized or otherwise – from work carried out by the Employee for CGI – plus any aids or tools used in that respect and, in particular, to software compiled by the Employee, and advice – finalized or otherwise – and the data carriers on which they are stored.

Clause 9 Penalty Clause

If the Employee is found to have breached any obligation arising from the terms of Clauses 5, 6, 7 and 8 of this contract (if applicable), the Employee shall (if applicable by way of deviation from the provisions of article 7:650 (3), (4) and (5) of Book 7 of the Dutch Civil Code) without any further notice of default being requested to be served, be liable to a penalty of EUR 10,000 and EUR 1.000 for each day or part of a day that this situation continues, payable to CGI. CGI reserves the right to claim full compensation instead the penalty payment.

Clause 10 Residence and/or Work Permit

This employment agreement is subject to the suspensive condition of obtaining a valid residence and/or work permit for CGI in the Netherlands and/or a Dutch Citizen Service Number (Burgerservicenummer, BSN). This means that if the required residence and/or work permit to reside and/or work in The Netherlands with CGI is not granted and/or a BSN is not obtained prior to the intended start of the employment, the employment agreement will not commence on the date

specified in Clause 1. The employment will then only commence on the first of the month following the day on which a valid residence and/or work permit and BSN has been obtained by Employee.

Subsequently, this employment agreement is subject to the resolutive condition of keeping a valid residence and/or work permit for CGI in the Netherlands. This means that if the residence and/or work permit of the Employee to work in The Netherlands with CGI will not or no longer be valid, the employment agreement will be terminated by law with immediate effect.

Furthermore, the Employee is required to keep CGI updated about any changes in his/her (personal) situation (such as a change in home address, marital status, etc.) that could have consequences for his/her work permit.

If the employment agreement ends at the request or at the initiative of the Employee before the start of the employment or within a period of one years after the starting date of the employment, the Employee shall repay CGI the costs related to the visa/(work) permit process and relocation costs. The following repayment scheme applies:

1. if the employment agreement ends before the start of the employment or within three months after the starting date of the employment, the Employee shall repay 100% of these costs;
2. if the employment agreement ends in the period between three and six months after the starting date of the employment, the Employee shall repay 60% of these costs;
3. if the employment agreement ends in the period between six months and one year after the starting date of the employment, the Employee shall repay 20% of these costs, and

if the employment agreement ends after one year after the starting date of the employment, the Employee shall have no repayment obligation toward CGI.

Clause 11 Change Clause

CGI reserves the right to unilaterally amend the terms and conditions of this contract as referred to in article 7:613 of the Dutch Civil Code. Any change shall be laid down in writing.

Clause 12 Jurisdiction

This contract is governed by Dutch law. Parties irrevocably agree that the court of Amsterdam has exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with this employment agreement.
